

I listen to K-LOVE on FM 91.1 radio on a daily basis. This is the only radio station I listen to. I find that it serves my needs for information as well as music preference.

My community would be at a loss if K-LOVE were to be displaced by an LPFM broadcaster providing other programming. I am always amazed to meet other people, who after I get to visiting with them, tell me they also listen to K-LOVE.

I believe the service provided by K-LOVE is invaluable to the Denver area because it provides the type of program I desire. I never have to worry about my children listening to this music as it is always clean and wholesome. I never have to worry about the commentary by the broadcasters because I know it will always be decent and respectful as well.

Please do not displace K-LOVE from this community. I don't know what I would do without them bringing the type of program to me that they do on the radio.
